Statewide Ballot Questions

The Chicago Federation of Labor *supports* the following ballot questions:

1. **Millionaire's Tax:** This is a statewide advisory question of public policy to be submitted to the voters at the general election asking whether the Illinois Constitution should be amended to require that each school district receive additional revenue, based on their number of students, from an additional 3 percent tax on income greater than \$1,000,000.
2. **Minimum Wage Raise:** This is a statewide advisory question concerning whether the minimum wage in Illinois for adults over the age of 18 should be raised to \$10 per hour by January 1, 2015.
3. **Birth Control:** This is a statewide advisory question asking whether any health insurance plan in Illinois that provides prescription drug coverage should be required to include prescription birth control as part of that coverage.
4. **Voting Rights:** Proposes to amend the Suffrage and Elections Article of the Constitution. Provides that no person shall be denied the right to register to vote or to cast a ballot in an election based on race, color, ethnicity, status as a member of a language minority, sex, sexual orientation, national origin, religion or income.
5. **The Illinois Crime Victims' Bill of Rights Amendment:** A legislatively-referred constitutional amendment that would strengthen the Crime Victims' Bill of Rights. Specifically, the amendment would guarantee the following:
 - a. A victim's right to be free from harassment, intimidation and abuse throughout the criminal trial process.
 - b. A victim's right to notice and to a hearing before a court ruling on access to any of the victim's records, information or communication.

- c. A victim's right to be heard at any post-arraignment court proceeding in which a victim's right is at issue and at any court proceeding involving a post-arraignment release decision, plea or sentencing.
- d. A consideration of the safety of the victim and their family in determining bail and conditions of release after arrest and conviction of the defendant.
- e. That the accused does not have standing to assert the rights of a victim.

The Chicago Federation of Labor **opposes** the following ballot questions:

1. **Term Limits***: This Bruce Rauner-supported citizens' measure would establish eight-year term limits for legislators, reduce the size of the Senate from 59 to 41, increase the size of the House from 118 to 123, and require a two-thirds majority vote in both houses for the legislature to override a governor's veto. Currently, it takes three-fifths vote to override a Governor's veto.
2. **Redistricting Proposal***: Citizens' initiative to change the Illinois constitution to create a redistricting commission to redistrict state legislative districts following a decennial census. Needed 300,000 valid signatures, the measure appears to be short of ballot signatures following a state board of elections statistical analysis. In addition may be found unconstitutional by the courts.

**Note: These citizens' initiatives do not have the exact ballot language in place yet and they will not be certified until August 22.*
